

## **EAST WINDS INN WINS FAVOURITE CARIBBEAN RESORT AWARD**

St Lucia's East Winds Inn, an intimate exclusive-inclusive boutique hotel exuding quality and charm, has won a top award from Virgin Holidays' customers. The resort has been voted favourite Caribbean hotel in the holiday company's 2008 annual awards.

Pictured celebrating the award is East Winds' General Manager Gareth Leach (right) with Senator the Right Honorable Allen Chastanet, St Lucia's Minister of Tourism and Civil Aviation, and Helen Edwards (left) and Annette Quinn, the resort's representatives in the UK. Mr. Leach commented: "This is a fine reward for all the staff at East Winds who go that extra mile to make sure that Virgin's guests and all others have the most relaxing and enjoyable Caribbean holiday possible."

The charming 30 room East Winds is one of the Caribbean's last remaining authentic style, understated and private, resorts. It is set in 12 acres of lush tropical gardens that run down a peaceful beach on La Brelotte Bay. It is a hotel for all seasons – an exclusive winter retreat transforming into an elegant child friendly property in the summer and just perfect for honeymooners year round. It is an all-inclusive with a difference – low key and informal, yet elegant and very private.
